The below are distilled versions of the short reports troopers file on each response, through July 29, 2022.

* * *

December 2, 2021 – two calls

- **First**, ARRIVE team responded to call about person panhandling at Wawa, but when team arrived, the male individual had already departed on foot and was located in front of a local Shoprite.
 - The individual claimed to be the “CEO of Wawa.” Screener determined the individual was not a harm to himself or others, provided information to him on where he could receive assistance if he chose to have any. No further action taken
- **Second**, ARRIVE team responded to a call regarding a juvenile expressing suicidal intent.
 - Screener spoke with the juvenile, and determined that transport to a hospital was necessary.

December 9, 2021 – three calls

- **First**, ARRIVE team responded to a call that a 91-year-old female at nursing home was in need of a psychological evaluation and assaulted a client at the nursing home.
 - Bridgeton Troopers arrived on scene before the ARRIVE team and deemed that there was no assault that occurred and EMS already had the 91-year-old female loaded in the ambulance and was en route to hospital for further evaluation.
- **Second**, ARRIVE team provided a follow-up with the victim of an overdose that occurred earlier within the shift that Bridgeton Troopers responded to for service.

- The overdose victim refused further medical treatment from EMS, and the screener spoke with the individual, advised her that she could enroll in a program and seek treatment in regards to the incident that occurred. Individual did not wish to pursue any treatment at this time.
- **Third**, ARRIVE team responded to call from female who felt ill after taking an unknown medication (an edible THC gummy and possibly another substance).
 - Screener determined the individual was not involved in a crisis situation and there was no further treatment to be taken or information to provide to the individual (however individual was transported to hospital related to the drug effects).

December 16, 2021 - three calls

- **First**, Troopers requested assistance from ARRIVE team with a male resident who was located within the woods across the street from his residence, who had stated there were people out to kill him and who were within the house.
 - Screener determined the individual was dealing with a psychological episode, and advised him that he could enroll in a program and seek treatment at a crisis center.
 - The resident did not wish to pursue any treatment, and the screener provided him with resources for the future.
 - Troopers became aware that the individual had an active warrant and was placed under arrest. Screener provided paperwork to the Port Norris Troopers clearing the individual medically for incarceration.
- **Second**, ARRIVE team responded to call about individual at addiction treatment center stating that male individual wanted to harm himself and others there. (The individual had just found out that his son was murdered.)
 - Individual stated to the screener that he wanted to kill himself but he would never harm anyone else. Screener ordered transport to the hospital.
- **Third**, ARRIVE team responded to a call about a male individual who stated that he was suicidal and wanted to harm his roommate. (Troopers were advised the individual may have had access to firearms, but it was determined there were no firearms involved.)
 - Once on scene, the screener spoke with the individual and came to the conclusion that he did not need medical transport.
 - The screener provided the individual with information in regards to programs that could assist him in the future and stated that she would follow up in the coming weeks.

 - Team located the woman at a local park. She had been recently discharged from the hospital and was staying in her car. Screener determined hospitalization not necessary.
- **Second**, ARRIVE team responded to a suicide attempt by a juvenile at his bus stop.
 - On scene, juvenile stated he tried to hang himself with his backpack strap. Screener determined no hospitalization and also spoke with parents about resources.
- **Third**, ARRIVE team responded to well-being check.
 - On scene, individual stated that his belongings were being taken by burglars. Screener determined no hospitalization.

February 23, 2022 – one call

- **First**, ARRIVE team received request from CCPO for well-being check.
 - On scene, individual found living in a make shift structure next to the residence. Said she was homeless and chose to live there on property of her parents. Parents said they don't let her live inside due to drug problem. Screener provided individual with resources.

February 24, 2022 – one call

- **First**, ARRIVE team called to high school for well being check. Student was receiving calls from her mother that did not make sense.
 - Team responded to mother's address. Mother said she was drunk and combative. After multiple attempts to get the woman into an ambulance, she finally complied and was taking to the hospital. ARRIVE team followed to the hospital given woman's irate behavior. She was restrained at the hospital for treatment.
